skills

photoshop - illustrator - dreamweaver - flash - indesign - after effects
html, css, jquery (basics)

personal

I am a creative and passionate person, I love different activities such as illustration, composing music, design and photography. Out of work I have participated in different projects as a freelancer or just for pleasure creating characters and animating them. I am also a traveller, I have been to the US several times, England and I'm planning to keep travelling each year to different places.
